

Ephrata National Bank

Coming soon—the ENB Financial Corp 401(k) Savings Plan is moving to Fidelity

We recently completed a review of retirement plan providers and are excited to share that we have selected Fidelity Investments® for the exceptional service they provide. The ENB Financial Corp 401(k) Savings Plan (the “Plan”) will move to Fidelity effective December 2022. We believe Fidelity will offer even more to help support your savings goals, today and in retirement.

The Ephrata National Bank Retirement Plan at Fidelity will offer:

- An updated lineup of investment options.
- The NetBenefits® website and mobile app to easily access and manage your account.
- Online planning tools, videos and workshops to help you make decisions for your future.
- Help and investment advice from Fidelity’s experienced phone representatives.

Look for additional emails in the coming weeks with important transition details. We will also let you know when the transition is complete.

We’re excited about the changes ahead for the Ephrata National Bank Retirement Plan at Fidelity.
